		Current Quarter Period Ended 31 March		Quarter 1 December
	2014	2013	2014	2013
	RM'000	RM'000	RM'000	RM'000
Revenue	8,434	9,591	8,434	9,591

The Group's revenue for the current quarter ended 31 March 2014 decreased by RM1.16 million or 12.06% compared to the corresponding quarter in the previous financial period. The decrease in revenue was mainly due to the decline in demand for recycled fuel oil products from our existing customer who is operating in the road paving sector. Nevertheless, this is partly offset by the increase in the sales of lubricant products by RM1.50 million to RM2.27 million in the current quarter under review which were produced by our new Pulau Indah Plant that had only commenced operations in November 2013.

The Group's profit before tax for the current quarter ended 31 March 2014 decreased by RM0.63 million or 67.20% compared to the corresponding quarter in the previous financial period. This was mainly due to the increase in depreciation expenses by RM0.45 million in the current quarter, resulting from the commissioning of our new Pulau Indah Plant

Profit before tax for the Group decreased by RM0.29 million or 48.14% in the current financial quarter under review as compared to the preceding quarter

The decline in sales volume was mainly due to the long festive season holidays and also the lower orders received from oversea customers during the current quarter under review.

B3. Prospects

With the commencement of commercial production of its new production facility in Pulau Indah in the fourth quarter of the FYE 31 December 2013, the Group's revenue is expected to increase. In addition, the Group has also achieved positive results in its efforts to expand and reinforce its key raw material supply chain as well as its expansion in the customers and suppliers network. This will enhance the consistency of feedstock supply and increase the Company's responsiveness to its customers. Premised on the aforesaid, and capitalising on the core competencies of the Group, the Board of Directors envisages that the Group will be able to enjoy positive growth and favourable prospects in the long term. Barring any unforeseen circumstances, the Board of Directors is optimistic about the Group's performance for the financial year ending 31 December 2014.
